Spotlight on the Code – Resource Management

Paul Brunton
17 Sep, 2018

[Commitment 8.3: We report on the acquisition and use of our resources.](#)

Commitment 8.3 requires our members to

- Publish an annual report;
- Publish annual ACFID-Code- compliant financial statements in their annual reports; and
- Fully and accurately disclose administration costs and costs of any public fundraising.

As part of a focus on Commitment 8.3, we interview Chief Executive Officer of [Australian Doctors International](#) ('ADI') [Klara Henderson](#).

We learn from her perspective – as one of our smaller members – how they manage financial risk and wrongdoing – a challenge for ADI who operate in acutely remote areas. They also share with us how they make their annual reporting an efficient exercise and how get the most mileage from it.

The film on ADI's work, as part of this Spotlight, [can be viewed here](#).

We hope you enjoy the journey as we turn the spotlight on QP8. We welcome your feedback, ideas and input at any time. Feel free to connect with the Standards and Code team on code@acfid.asn.au or (02) 8123 2237.

Campaign for Australia Aid

The Campaign for Australian Aid encourages all Australians to come together to celebrate Australia's contribution to reducing poverty and international development; and to ensure Australia continues to play its part.
